REVISION IV

**POSITIONS, PLACES, PACKETS, PACKAGES, BUNDLES,
& MORTGAGE BUSTING TEAM MEMBERSHIPS...REVISITED**

In what follows, Positions, PLACES, PACKETS, PACKAGES, and BUNDLES refer to these as and when initially created and purchased through www.chips-corner.com

Once acquired, the Owner may resell newly created Positions, PLACES, PACKETS, PACKAGES, and BUNDLES, as per terms and conditions negotiated with the creator thereof.

The cost of a new PLACE, when initially created and purchased, as of this date, is \$200,000 USD.

As an “added value”, no cost bonus for acquiring a new PLACE, a UNIFORM ADVERTISING WEEK service Promissory Note (“UAPN”) for 50 times the value may be negotiated.

There are PLACES through which an Owner can register other Members on Positions to do business.

There are PLACES with Positions for 2, 5, 10, 20, 40, 80, 150, 500, and 1,000 Members to be registered (i.e., their Internet Catalogue Club {“Club”} Memberships may be registered therein).

However, each PLACE, when created, is assigned its own Club Membership Number.

A Member that is registered in a Position on a newly created PLACE may, independently from other Members that may register later on the PLACE, use that PLACE to conduct business.

Other Members that may be registered later also may, independently from other Members registered or that may register later on the PLACE, use that PLACE to conduct business.

However, it has been arranged with the Club for CHIPS (at \$1 USD each), equal in value to the value of transactions undertaken by a Member in any Position, to be registered for the PLACE.

When CHIPS are registered for a PLACE, other than because of a transfer in an exchange, these will be transferred:

- 1) 20% to the Club account of the Owner of the PLACE.
- 2) 80% will be divided by the number of Positions and an amount equal to the result transferred to accounts of each Club Member registered in a Position on the PLACE.

- 3) The remainder will be transferred to the account of the Owner of the PLACE.

When a Vendor or another Member offers funds (anything of value) to the PLACE for transfer of CHIPS:

- 1) 20% of the funds will be offered to the Owner of the PLACE, for the transfer of CHIPS.
- 2) 80% of funds will be divided by the number of Positions and an amount equal to the result offered to each Member registered in a Position, for the transfer of CHIPS.
- 3) The remainder, along with any not accepted by Members registered in Positions, will be offered to the Owner of the PLACE, for the transfer of CHIPS.

Each Member wanting to be registered in a Position must negotiate independently with the Owner of the PLACE; there is no investment of “money” into a “Pool” with other Members.

Each Member registered in a Position decides independently whether or not to use the PLACE to engage in transactions; there is no “common enterprise” between Members.

When an offer of funds (anything of value) is made in exchange for the transfer of CHIPS by the PLACE:

- 1) Each Member registered in a Position on the PLACE must decide whether or not to accept the offer, with that Member’s decision not affecting any other Member.
- 2) The Member must have CHIPS accrued in order to accept the offer; or, the Member may negotiate with other Members to obtain CHIPS so as to take advantage of the offer.
- 3) There is no expectation of profits from efforts of others; there is only possible income from exchange of a transfer of CHIPS for funds (anything of value) that is accepted.

The value of being registered in a Position is that:

- 1) Business can be transacted using the PLACE without having to pay for the full value of a PLACE.
- 2) Being registered in a Position puts a Member registered into a possible stream of flow of CHIPS.
- 3) CHIPS obtained by any means by a Member may be used in exchanges when exchanges are offered by other Members.

Specifically, there is no direct monetary income, independent of individual actions of a Member registered, that can be expected because of registration in a Position on a PLACE.

Any previous documentation regarding Positions that might be construed differently than described herein is overridden by this publication.
