

BUSINESS TIP
2112
REVISION II

UPDATE TO 0040

Because BUSINESS TIP 0040 has been vetted around the world and is now a “historical document” basic to supporting the world economy, it has been left in place for reference.

However, details therein have been superseded and streamlined, as are now embodied in a PROMISSORY NOTE and SERVICES CONTRACT used for capitalizing banks, etc.

BUSINESS TIP 0040 may be used to lay a logical foundation for discussion, but the current PROMISSORY NOTE and SERVICES CONTRACT always supersede any prior material.

The PROMISSORY NOTE and SERVICES CONTRACT are available for review only through an Attorney that is a Vice President of DIVERSIFIED BUSINESS SERVICES INC.

These documents are proprietary and confidential.
